Instructions:

Use this form to recommend a rating for a MSVBA player. Your recommendations by themselves may not automatically trigger a re-rate. However, your opinion will help quantify players who need to be considered for re-rating. **You must complete the entire form for the player to be considered for re-rating.** Please review each of the skills listed and give a rating letter for each (A+, A, A-, B+, B, B-, C+, C, C- or D).

Use the comments column to include any intangibles that support your assessment. For example, "dominated the tournament", "sets for all over the court", "roofed everyone", "runs a great offense", "great court sense", etc.
